a hybrid – virtual and in-situ – unique program of expert speakers and sustainable design workshops

### \_about us

ECOWEEK is a non-profit organization with the passion to change people's habits, established with the mission to raise environmental awareness and to engage the public in promoting the principles of social and environmental sustainability through design.

Since 2005, ECOWEEK has developed programs in 17 countries and a network in 56 countries.

ECOWEEK workshops of design interventions and placemaking have made an impact in more than 30 cities, through more than 200 sustainable design workshops engaging more than 4500 students and professionals, and hundreds of local stakeholders.
