

April 17, 2021

**PRESS RELEASE for immediate release**

**IN SEARCH OF A SUSTAINABLE SOLUTION:**

**Invitation for International Public Dialogue and Proposals  
for the Parthenon Marbles**

**A panel of experts will discuss the proposals at the international conference  
ECOWEEK 2021 in Aegina (29/8 - 5/9/2021)**

The non-profit organization ECOWEEK and the non-profit cultural organization PAREMVASI propose a special initiative in the context of the celebrations of the 200th anniversary of Greece, under the auspices of "Greece 2021":

**Invitation for an international public dialogue on the Parthenon Marbles, with the aim of presenting ideas and proposals in search of a creative, sustainable and acceptable solution for the Parthenon Marbles: their return to Athens, their motherland or their stay at the British Museum? Or another creative scenario that will be mutually accepted?**

The international community is invited to submit ideas and proposals in a digital questionnaire and thus contribute to the dialogue to find a mutually acceptable and sustainable solution.

Selected proposals will be evaluated and discussed in the experts panel from Greece and abroad titled **GREEK CULTURE: THE SCULPTURES OF THE ACROPOLIS OF ATHENS: Towards a Sustainable Solution through Dialogue and Proposals from the International Community** that will take place at **ECOWEEK 2021: HISTORY + TOURISM + SUSTAINABILITY: Towards a Sustainable Vision in Practice** (August 29 - September 5, 2021) in Aegina (<https://ecoweeek2021.org>).
