## WELCOME TO ECOWEEK 2011

Welcome to the international event on Urban Communities, 'green' Architecture, ecology, sustainability, cross-cultural dialogue and co-operation, and social entrepreneurship for young and established professionals and students!

ECOWEEK 2011 takes place for the first time in Thessaloniki, an important historic city and port and a crossroads for different cultures and religious. Thessaloniki is not only the backdrop but also the site for 'green' urban interventions during the ECOWEEK 2011 design workshops.

ECOWEEK international conferences and workshops take place since 2008 in Greece, Cyprus, and the Middle East and are also scheduled to take place this year in Milano, Italy and Cluj, Romania. ECOWEEK is an NGO, established in 2005 in Greece by ECOWEEK Chairman Yale graduate architect, environmental consultant and social entrepreneur Elias Messinas, with the mission to raise environmental awareness and to promote sustainability.

ECOWEEK has invited in the past important speakers among them **Al Gore, Ken Yeang, Shigeru Ban, Bjarke Ingels, Michael Sorkin, Ivan Harbour, and Julie Bargmann.**
